Fact Sheet

Club Lusitano Fact Sheet

'A premium boutique private members' social Club in the heart of Hong Kong'

Club Lusitano is situated in Central, Hong Kong one of the world's most vibrant and multifaceted cities. The club has remained a constant home of the small but active Portuguese community since its founding on 17 December, 1866, making it one of Hong Kong's oldest social members' clubs. Membership is open to persons who are Portuguese nationals and to those who can demonstrate Portuguese heritage. Club Lusitano also considers applications from persons, corporates, partnerships and sole proprietorships that can demonstrate links with Portugal, including Macau and other countries in the Lusitanian diaspora.

The first clubhouse completed in 1866 was built on Shelley Street, at the junction of Elgin Street in the Mid-Levels residential area now known as SOHO ('South of Hollywood Road'). In 1922 the clubhouse moved to Ice House Street, Central where we remain to this day. The 2nd generation building was completed in 1967 and the current 3rd generation building on this same site was completed in 2002 with the clubhouse occupying the top 23rd to 27th floors.

In 2019 the clubhouse underwent a six-month long full renovation. In so doing, the club extended its services and facilities across all its 6 levels adding all day service in a new Pastelaria, upgraded fine dining, wine cellar, a new bar, biblioteca and function rooms.
