

REMINDER

Dear Members

As we continue to strive towards providing an excellent experience for all our members, we wanted to take a moment to remind you of an important aspect of your membership.

We would like to reiterate that your membership card is non-transferrable and should not be shared with anyone else. Your card is a symbol of your support to our Club and grants you exclusive access to our facilities and events.

Sharing or transferring your card to someone else not only puts your membership at risk but also poses a potential security threat to our Club. We understand that you may want to extend the privileges of your membership to family and friends, but we kindly request that you do so through the proper channels, such as accompanying them as a member or applying them as Family members.

We sincerely appreciate your cooperation and understanding in this matter.

Thank you for being a member of SRC!
