

## Membership Credit Limit Update - Effective 01 March 2024

Dear Valued Members,

We are writing to inform you of an upcoming change to the membership credit limit, effective 01 March 2024. After thorough consideration, this decision is made to ensure a fulfilling member's experience while also managing the club's credit risk exposure effectively.

**Effective 01 March 2024, the membership credit limit will be set at S\$5,000.** This policy applies to all existing and prospective members, excluding Sporting members without credit facility.

Here are some key points to remember:

- Starting March 1st, the maximum spending limit with your membership account will be S\$5,000. Any outstanding balances from February 2024 will be carried forward to March 2024 and considered in the calculation of credit utilisation.
- We encourage you to monitor your account balance regularly to avoid exceeding the limit.
- For members anticipating expenses exceeding \$5,000 in a single month, pre-paying into your membership account ensures a smooth transaction. Top-up your account conveniently through our website<sup>1</sup> or at the reception to avoid potential payment declines.
- Alternatively, to ensure uninterrupted service for purchases above the limit, credit card payments are available at all outlets.

We understand that this change may require adjustments for some members. If you have any questions or concerns about this update, please do not hesitate to contact our Membership team at [mship@src.org.sg](mailto:mship@src.org.sg) or Finance team at [fnce@src.org.sg](mailto:fnce@src.org.sg). We are here to help and answer any questions you may have.

Sincerely,

**Desmond Tay**

**General Manager**
