

# CAR PARK EPS SYSTEM

The Club has upgraded our car park system to a full Electronic Parking System (EPS) on 28 August 2019. This upgrade will address the severe congestion members are currently experiencing at the car park gantry and will help to speed up the vehicular movement.

This upgrade allows for minute by minute charging. Members will continue to enjoy the first three hours of parking free and will be charged on a minute by minute basis beyond the first three hours. Currently, members are being charged in 30 minutes blocks. This is a much fairer system for members.

Members will also continue to enjoy free parking after 6pm till Club closure. The adjustments from 5pm to 6pm is to align timings with other car parks in the CBD area. Majority of members will also not be affected by this change.

For your information, the revised carpark charges are as follows:

<b>SRC Member (Current Rates)</b>	<b>SRC Member (New Rates)</b>	<b>Guest (Current Rates)</b>	<b>Guest (New Rates)</b>
First 3 hours Free	No changes	First hour \$2	First hour \$2.20
Subsequent 1/2 hour \$0.75	Subsequent minute \$0.04	Subsequent 1/2 hour \$1.50	No Change
After 5pm Free	After 6pm Free	After 5pm \$3 per entry	After 6pm \$4 per entry
