

Advisory from Rules & Membership Committee: Social Etiquette in Digital Spaces

Just a friendly reminder to all our members that our club rules apply to all interactions, including online communications like WhatsApp groups. Remember to keep our conversations respectful and maintain decorum at all times even in digital spaces.

To avoid misunderstandings, obtain prior consent before adding any member into your chatgroups and remove the member immediately when requested to do so. Bear in mind that any behaviour that is not acceptable in person is not acceptable online either.

Thank you.
