

NOTICE TO MEMBERS: LET'S PARK CONSIDERATELY

Dear Members,

The Club has noticed a growing number of cases of indiscriminate parking within our car park. These include vehicles:

- Straddling two lots
- Parked off-centre or at an angle
- Parked outside designated lots

Such parking reduces the number of available lots and can make it difficult for fellow members and guests to park or manoeuvre safely, especially during peak hours.

The Club seeks members' kind cooperation to park neatly within a single designated lot, so that everyone can enjoy a smooth and hassle-free visit.

Spotted inconsiderate parking?

Members may report such cases to the Club's Security Team, who will assist in having the obstructing vehicle moved.

Call / WhatsApp

Security Manager, Simon: +65 96743022

To help the team respond quickly, please share the vehicle's location and a photo, if possible.

Thank you for helping to keep the Club a considerate and welcoming place for all.
