IMPORTANT NOTICE

Scaffolding Works at the Club Carpark Ramp

Dear Members,

From **Wednesday, 18 November 2026**, our main contractor will be putting up scaffolding at our car park ramp. This will allow them to remove the heavy granite wall slabs on the clubhouse façade and replace them with Glass Fibre Reinforced Concrete (GFRC) façade panels.

While the works are underway, one (1) lane at the car park entrance will be closed. Two (2) Traffic Marshals will be on site to direct vehicles entering and leaving the car park. We ask that you follow the Marshals' directions, drive slowly and take extra caution near the work area.

Our security personnel will also be on site if you need any help.

Thank you for your patience and understanding.

DRIVE SAFE!
